

EnviroTalks

17 NOVEMBER 2021 | 10:20AM - 1:00PM AEDT

10:20 INTRODUCTION

10:30AM

Calix
(ASX:CXL)

*Dr Phil Hodgson,
Chief Executive Officer*

Calix has developed a patent-protected, platform technology that produces new materials and processes, targeted at solving global challenges in water and wastewater treatment, sustainable food production, CO2 mitigation, sustainable processing and advanced battery development, in alignment with the UN Sustainable Goals, and as a member of the UN Global Compact.

11:00AM

Rubicon Water
(ASX:RWL)

*Bruce Rodgerson,
Chief Executive Officer*

Rubicon is a water technology solutions business that designs, manufactures, installs and maintains irrigation automation software and hardware. Rubicon aims to address the issue of global water scarcity by maximising water availability and agricultural productivity through improved irrigation water use efficiency.

11:30AM

Pearl Global
(ASX:PG1)

*Mike Barry,
Chairman*

Pearl Global is a clean conversion technology company that applies unique, thermal desorption technology to convert end of life tyres into valuable secondary products being fuel oil, steel, carbon char and energy. Pearl's technology is a significant advancement on other methods of processing waste tyres with low emissions, no hazardous waste products, requires no chemical intervention and is the only process operational that meets the standard emissions criteria set by Australian regulators.

12:00PM

SECOS Group
(ASX:SES)

*Ian Stacey,
Chief Executive Officer*

SECOS Group is a leading developer and manufacturer of sustainable packaging materials. Headquartered in Melbourne, Australia, SECOS supplies its proprietary biodegradable and compostable resins, packaging products and high quality cast films to a blue chip global customer base. SECOS is integrated from resin production, into film (cast and blown) production and can develop bespoke compostable solutions for a large range of applications.

12:30PM

Envirosuite
(ASX:EVS)

*Jason Cooper,
Chief Executive Officer*

Envirosuite is a leading global provider of environmental management software. The software combines the use of big data, artificial intelligence and analytics to produce real-time visualisations, predictive modelling and actionable insights that enable companies, government and communities to make decisions that optimise operational and environmental outcomes. The company provides solutions across three key sectors – air, noise and water – and has over 500 customers worldwide.
