Disclaimer/Forward Looking Information

This presentation contains certain forward-looking statements, guidance, forecasts, estimates, prospects and projections in relation to future matters that may involve risks or uncertainties and may involve significant items of subjective judgement and assumptions of future events, which as at the date of this presentation are considered reasonable, but that may or may not eventuate (Forward-Looking Statements).

Forward-Looking Statements can generally be identified by the use of forward-looking words such as, 'anticipate', 'estimates', 'will', 'should', 'could', 'may', 'expects', 'plans', 'forecast', 'target' or similar expressions and may include, without limitation, statements regarding plans, strategies and objectives of management, anticipated production and expected costs. Indications of, and guidance on future earnings, cash flows, costs, financial position and performance are also Forward-Looking Statements.

Persons reading this presentation are cautioned that such statements are only predictions, and that actual future results or performance may be materially different. Forward-Looking Statements, opinions and estimates included in this presentation are based on assumptions and contingencies which are subject to change, without notice, as are statements about market and industry trends, which are based on interpretation of current market conditions. Forward-Looking Statements are provided as a general guide only and should not be relied on as a guarantee of future performance.

Forward-Looking Statements are subject to known and unknown risks, uncertainties and other factors that may cause the Company's actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking information. No representation or warranty, express or implied, is made by Solstice that any Forward-Looking Statement will be achieved or proved to be correct. Further, Solstice disclaims any intent or obligations to update or revise any Forward-Looking Statements whether as a result of new information, estimates or options, future events or results or otherwise, unless required to do so by law.

Compliance Statement

The information in this presentation that relates to Exploration Results and Estimates of Mineral Resources is extracted from the Company's Prospectus dated 14 March 2022 (Prospectus) and ASX announcements dated 14 July 2022, 10 March 2023, 10 October 2023, 16 January 2024, 7 May 2024, 9 September 2024, 8 October 2024, 28 October 2024, 28 November 2024, 5 February 2025, 11 June 2025, 25 June 2025, 8 July 2025, 8 August 2025, 25 August 2025, 27 August 2025, 25 September 2025, 6 October 2025 and 9 October 2025 (Original Announcements), as referenced, which in the case of Solstice announcements are available at www.solsticeminerals.com.au. Solstice confirms that it is not aware of any new information or data that materially affects the information referenced in the Prospectus and Original Announcements and, in the case of Estimates of Mineral Resources, that all material assumptions and technical parameters underpinning the estimates continue to apply and have not materially changed. Solstice confirms that the form and context in which the Competent Persons' findings are presented have not been materially modified from the original announcement.

Drill Active in WA

Nanadie - recent acquisition of large-scale unconstrained Cu-Au system on granted Mining Lease

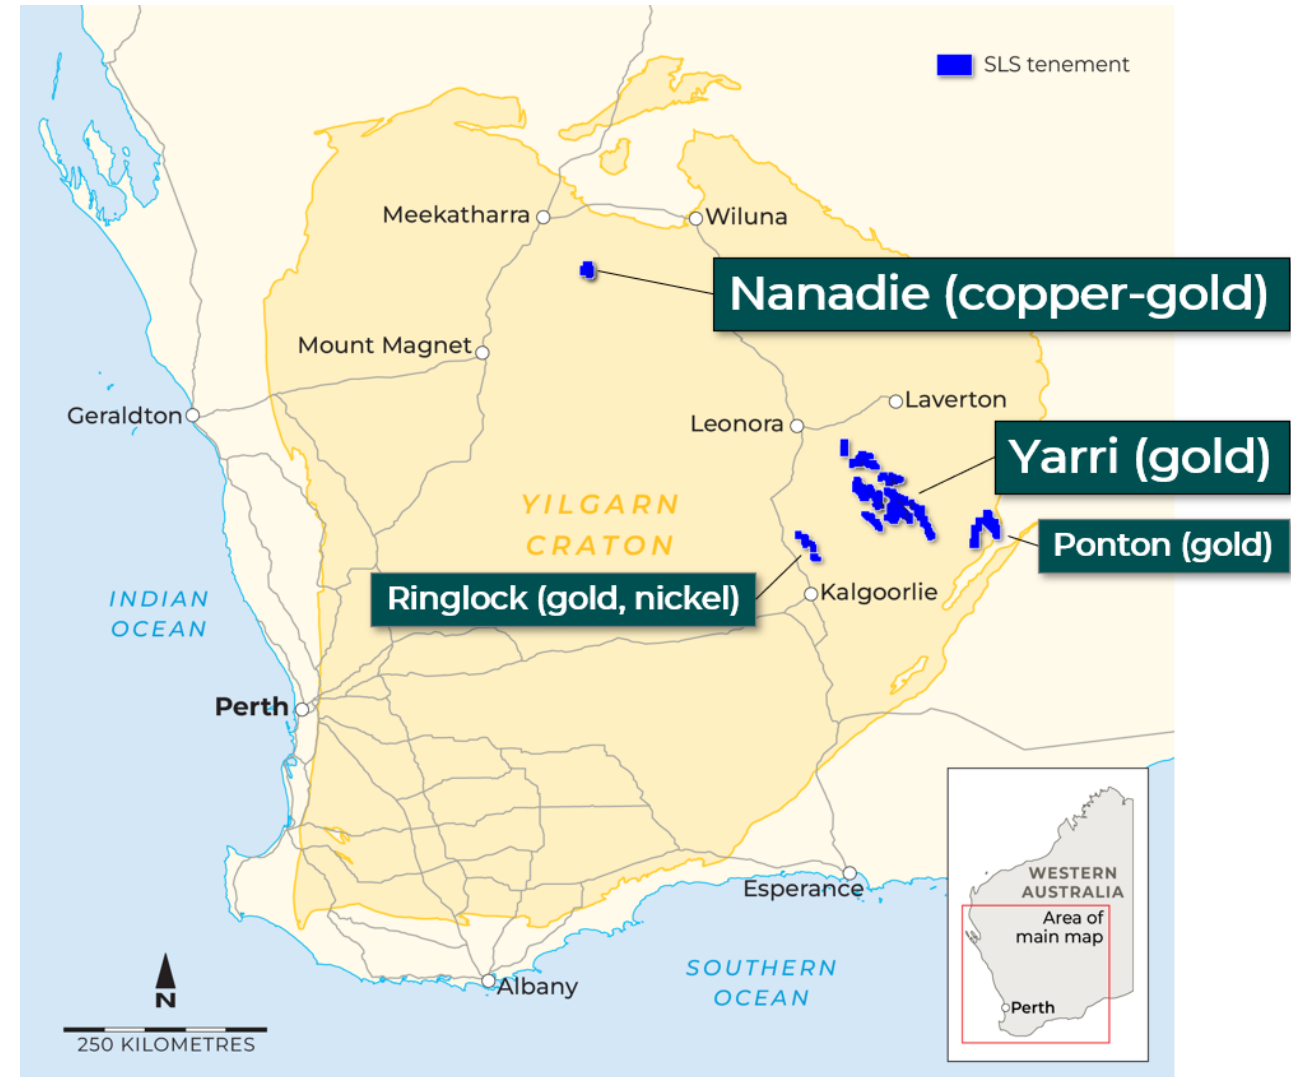

Clear exploration upside beyond shallow historical drilling

Outstanding first RC results and significant MRE growth targets

Yarri - significant 100% controlled >1,500km² footprint in renowned gold terrain within 150km of Kalgoorlie

Solstice technical team has deep local experience - data-led target generation, 'boots on ground' validation, then focus on drill-led discovery

Over 66,000m drilling completed since listing

Nanadie copper-gold.

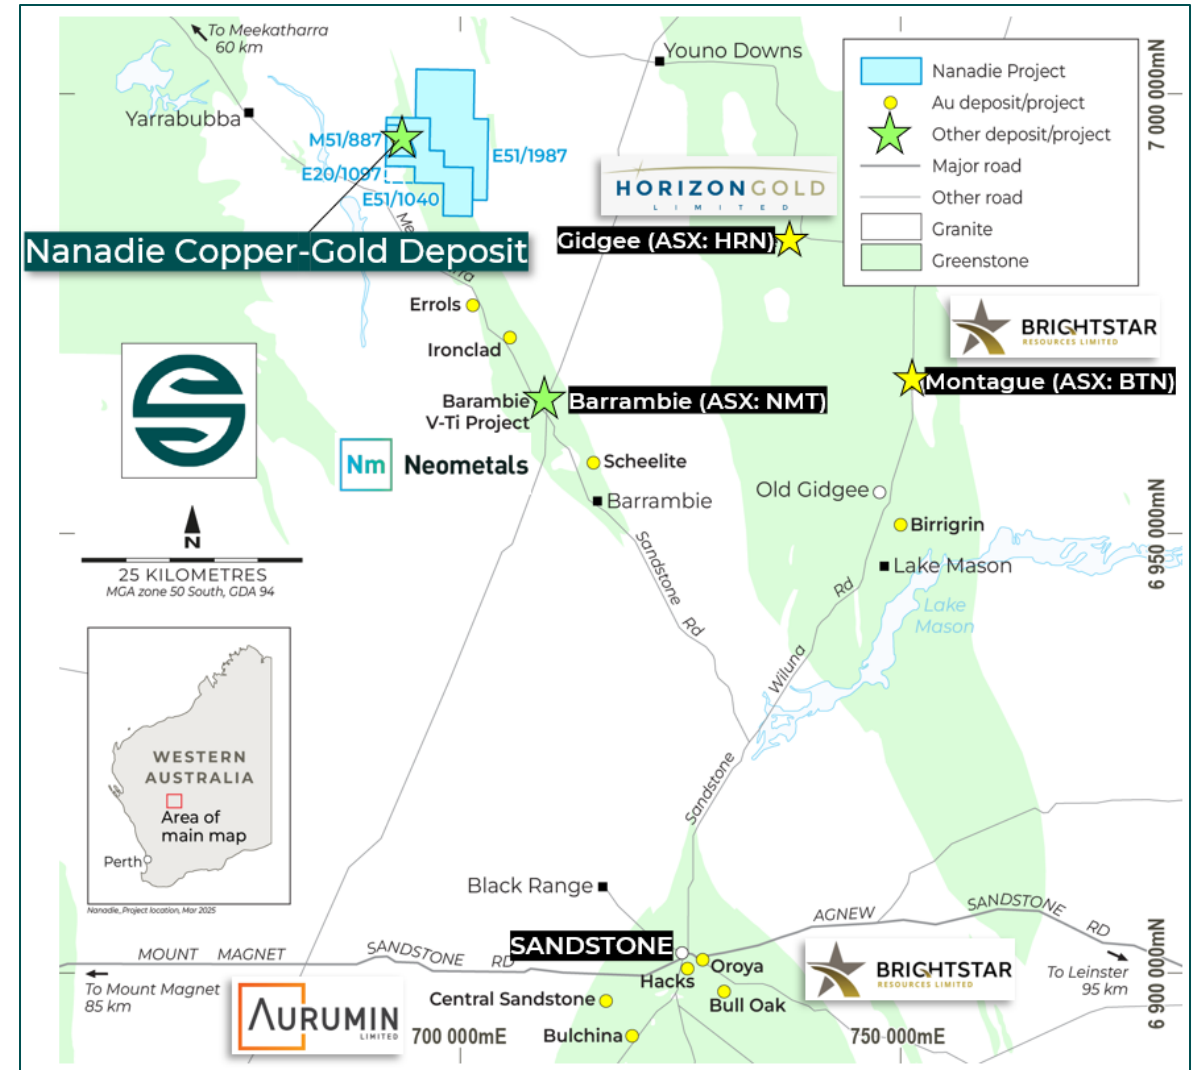

100% owned metal bank: 40.4Mt Mineral Resource Estimate (MRE) for 162,000t copper and 130,000oz gold¹

Offers strategic copper exposure on granted Mining Lease in stable and proven mining jurisdiction

Solstice's geological targeting identified strong MRE expansion upside plus regional exploration potential

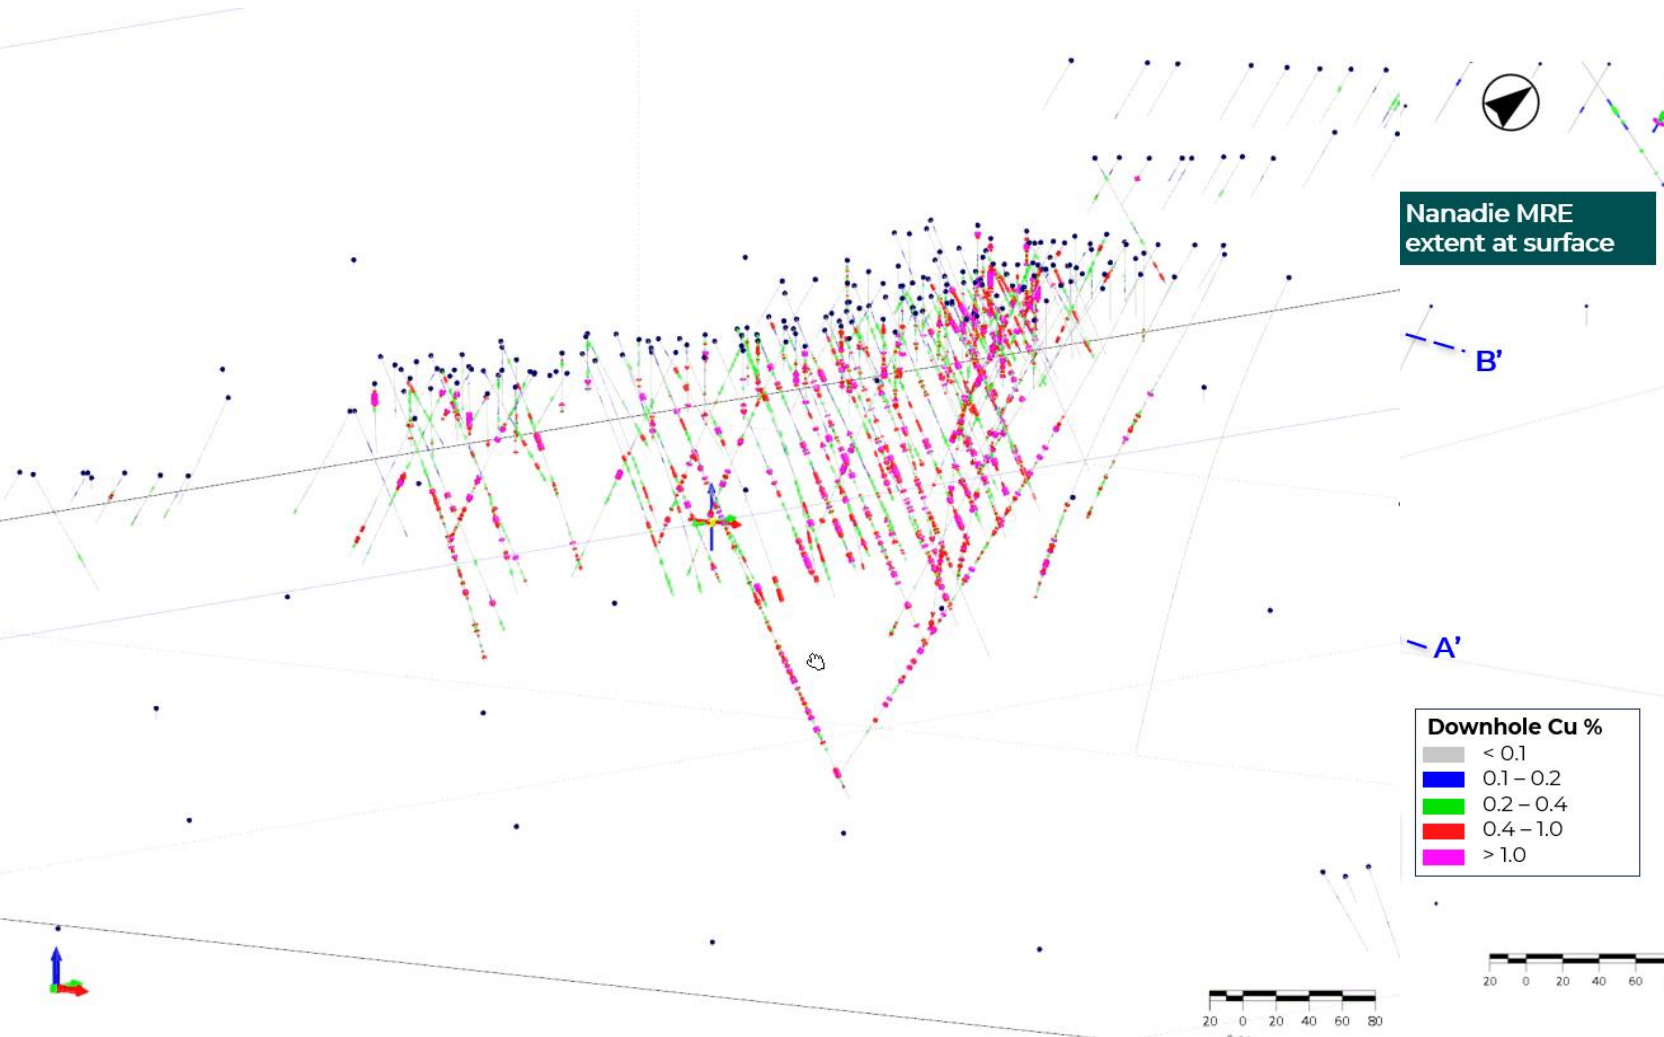

62m @ 1.55% Cu, 0.66g/t Au in first 5 holes of 6,000m RC MRE expansion program – more results pending

Copper has an excellent long-term supply-demand outlook and quality growth assets are rare

1. For Nanadie MRE refer to ASX: SLS 5 February 2025

Nanadie. Unconstrained systems are rare

Mafic intrusive-hosted disseminated and vein sulphide system

Mineralised zone over **900m long and up to 150m wide¹** – a geometry suitable for open-pit mining

Sulphide veins add significant high-grade (>1% Cu, ~0.4g/t Au) component¹

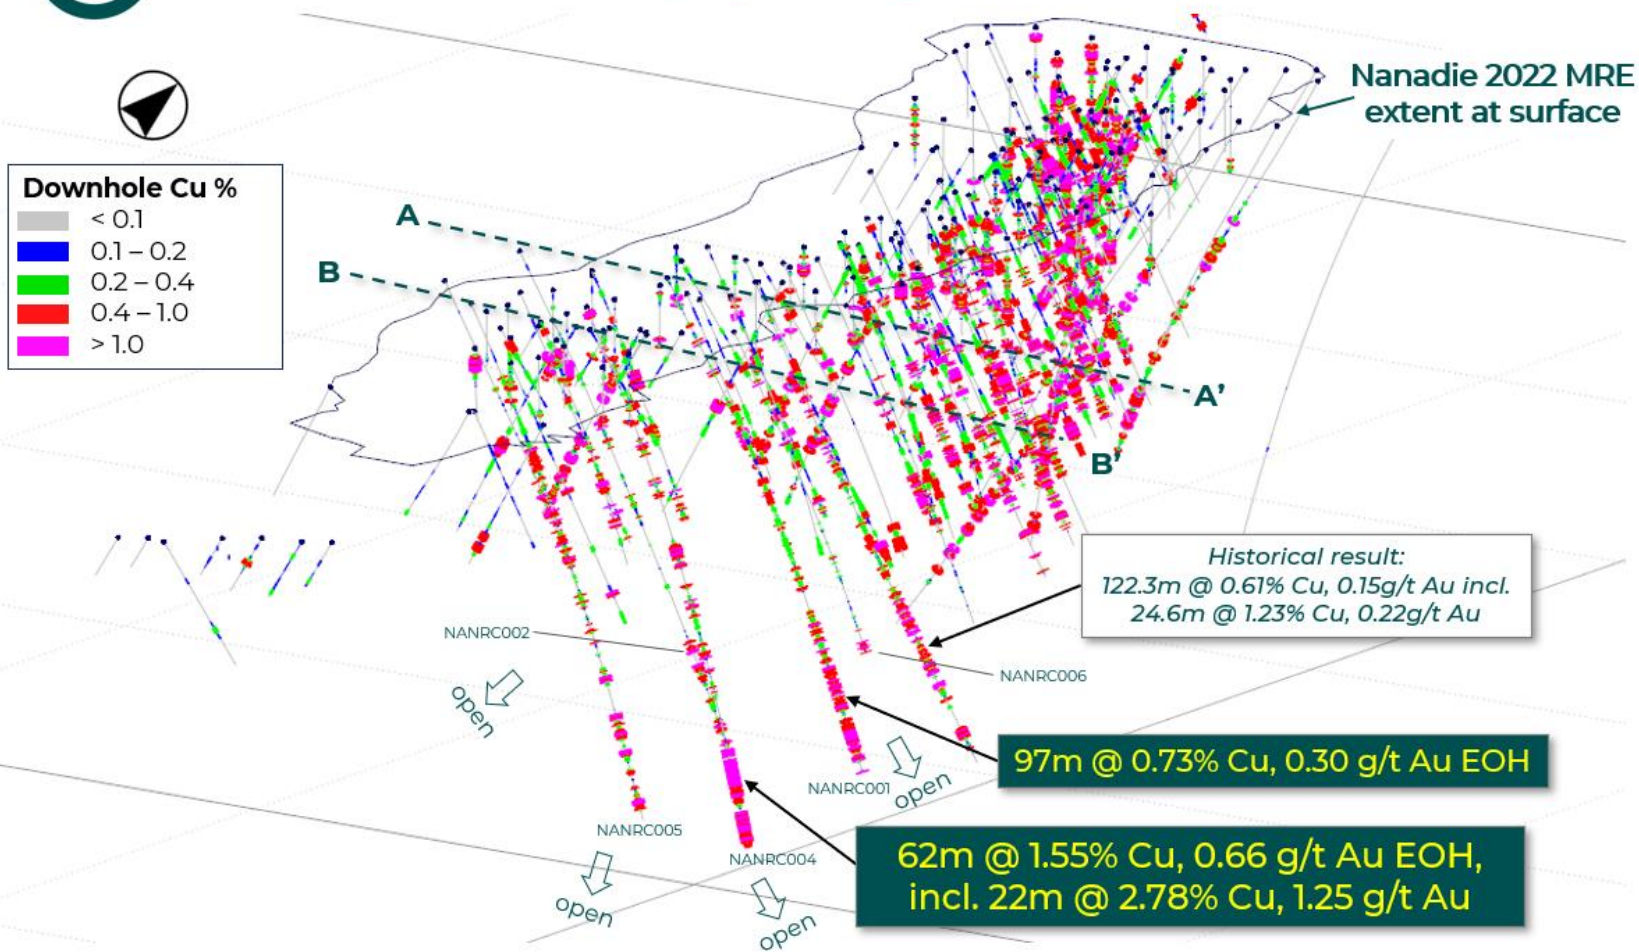

Historical hole NWD2004 82.1m-88m, within 10.2m @ 2.61% Cu, 2.06g/t Au from 77.8m¹.

1. For Nanadie drill intercepts refer to ASX: SLS 5 February 2025

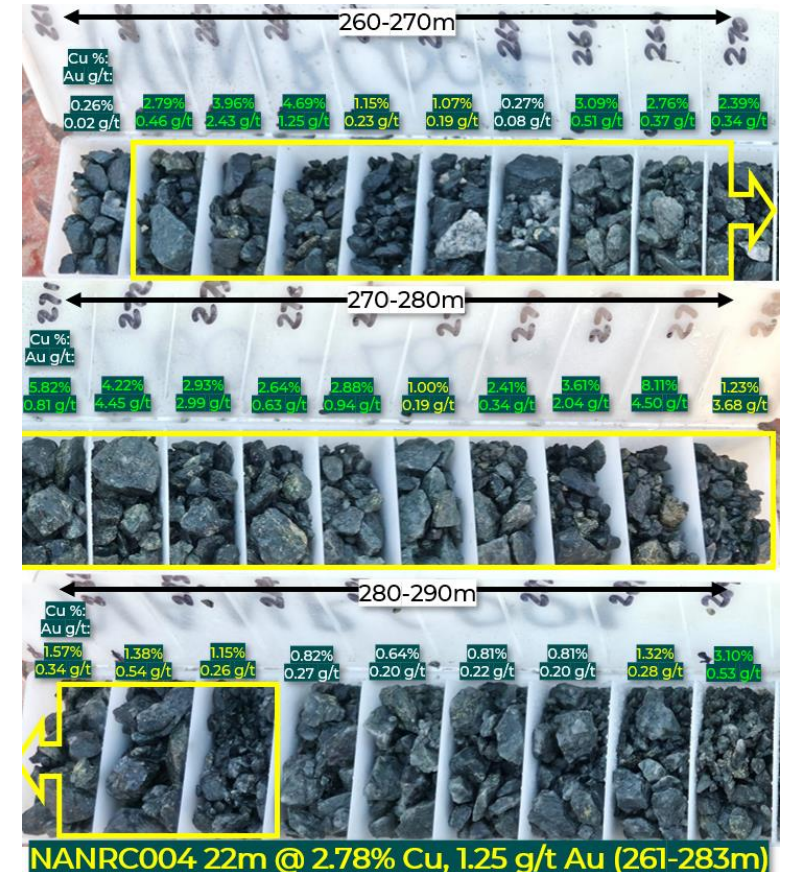

First results demonstrate growth potential

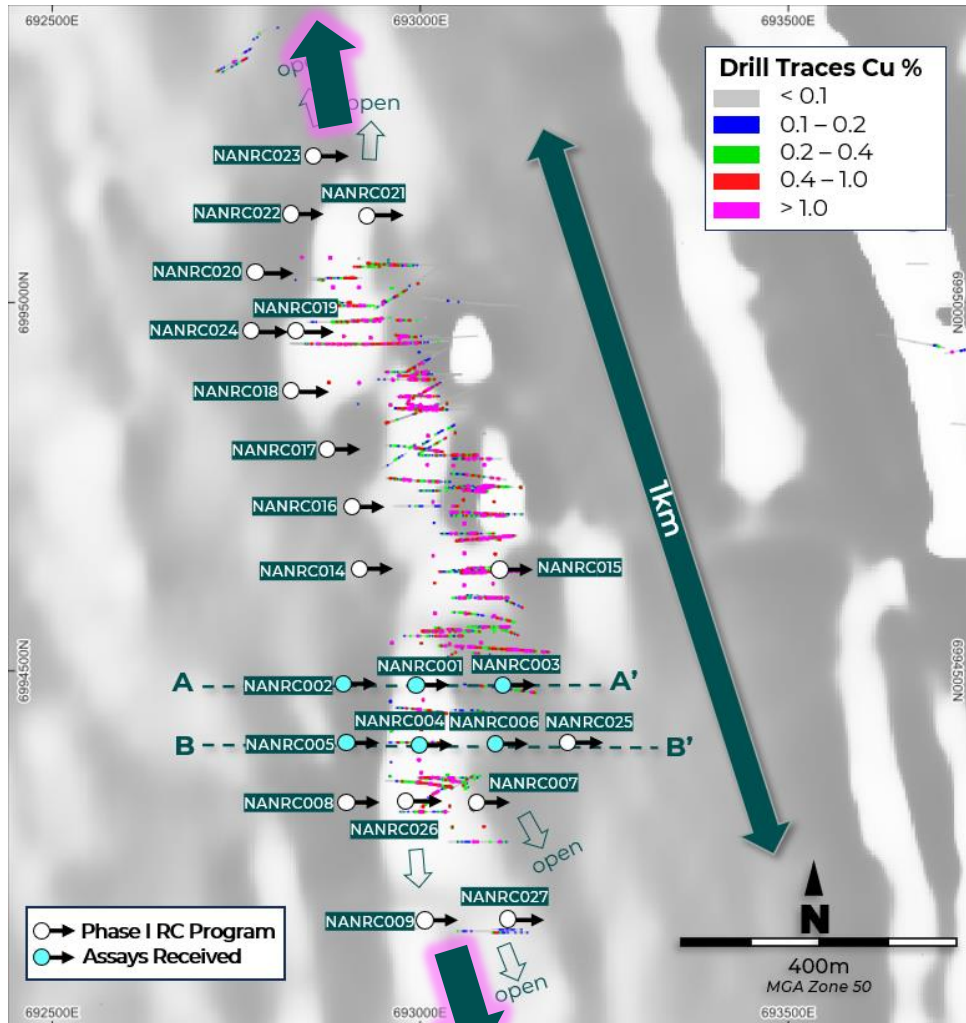

Mafic intrusive-hosted disseminated and vein chalcopyrite pyrrhotite pyrite system

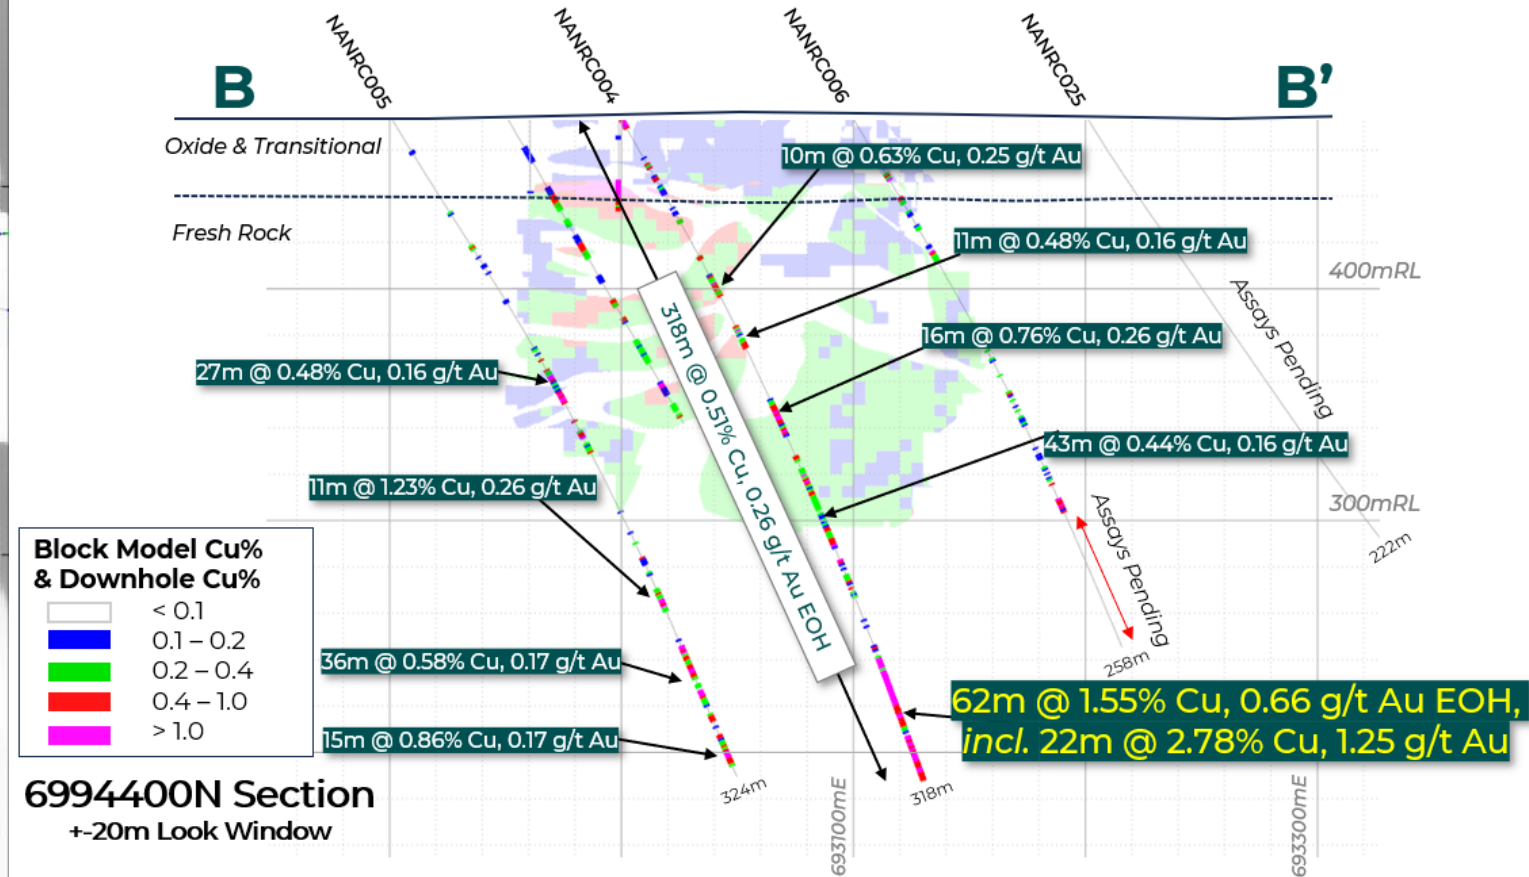

No deleterious elements

Nanadie. Phase 1 drill program targeting MRE extension positions.

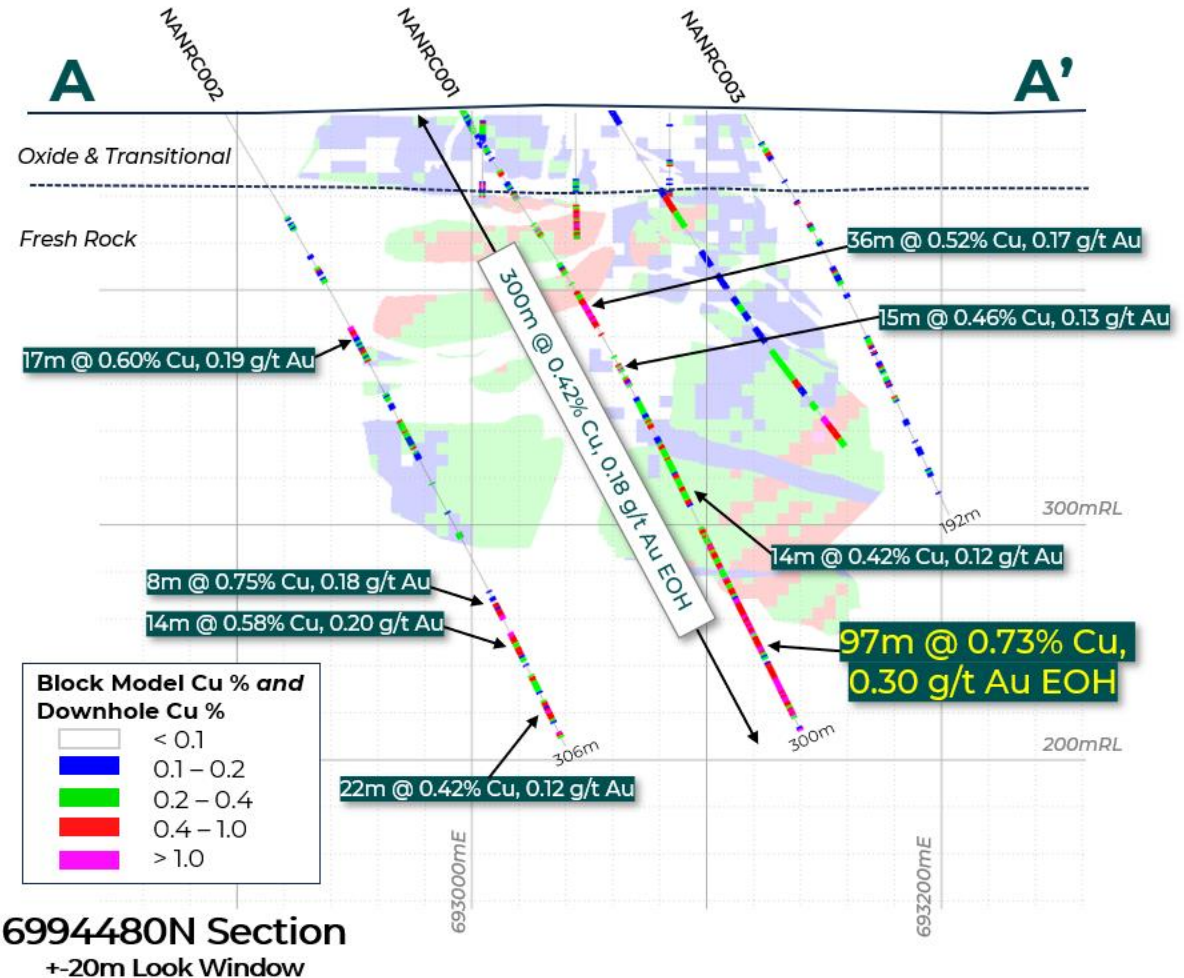

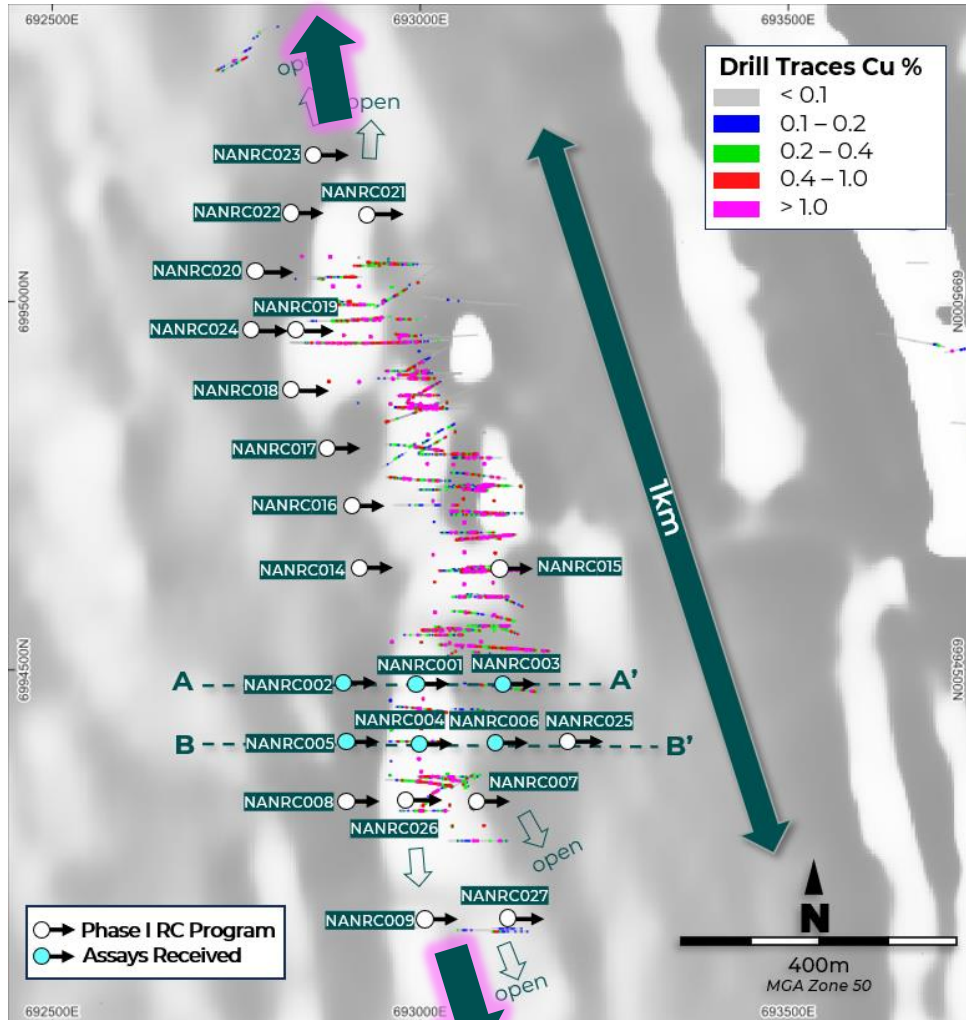

First 5 RC holes deliver multiple significant intercepts in southern part of system, beyond current MRE block model

1. For Nanadie drill intercepts refer to ASX: SLS 5 February 2025, 3 February 2026

Nanadie. Phase 1 drilling cont.

1. For Nanadie drill intercepts refer to ASX: SLS 5 February 2025, 3 February 2026

More to come.

Results for a further 17 RC drillholes in the MRE area expected over coming weeks

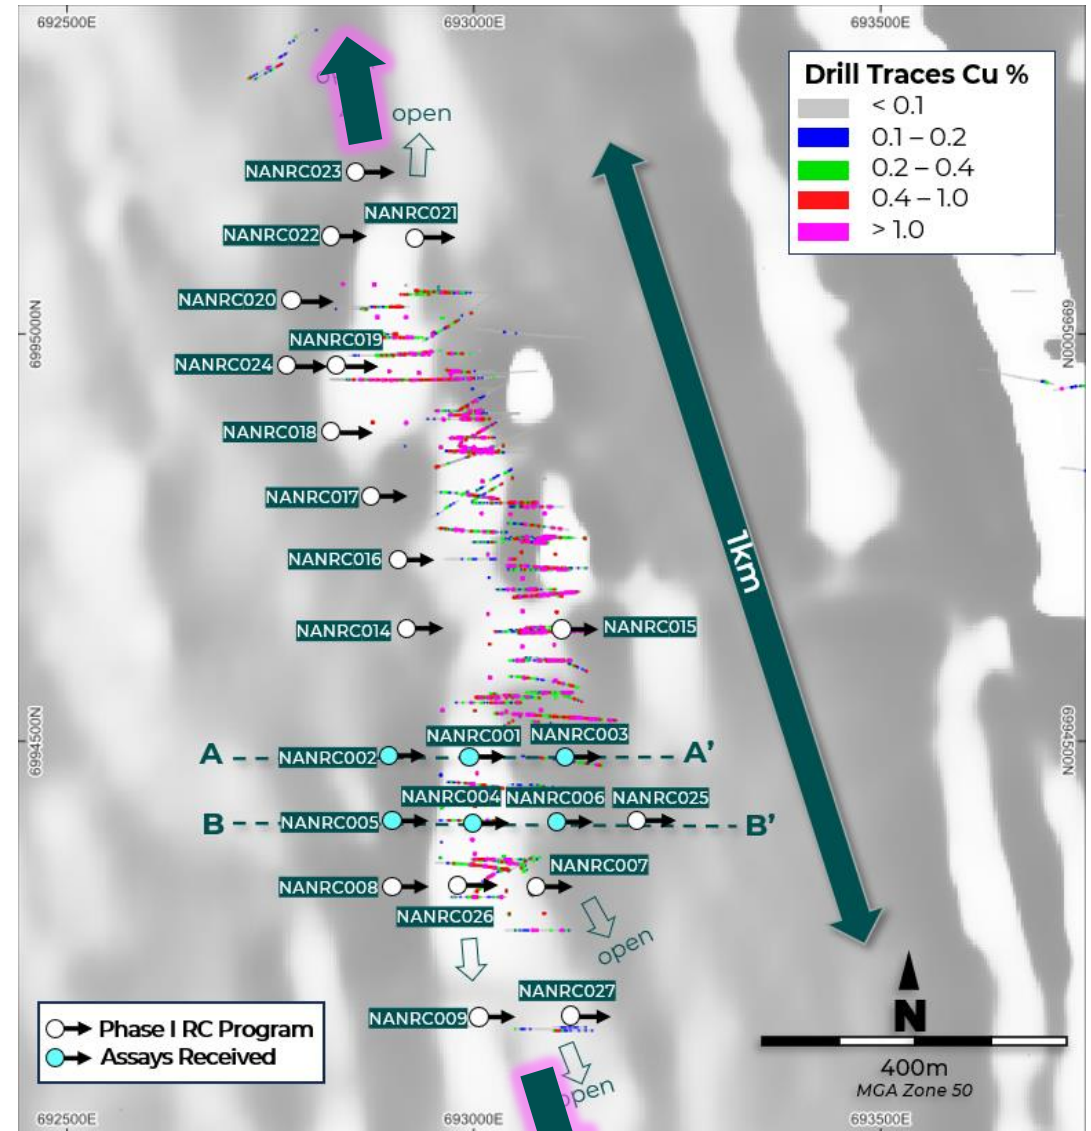

Geological observations¹ strongly indicate mineralised system is open to strike, laterally and completely open at depth

Compelling step-out exploration potential beyond current drilling, strong copper anomalism in historical shallow recce lines.

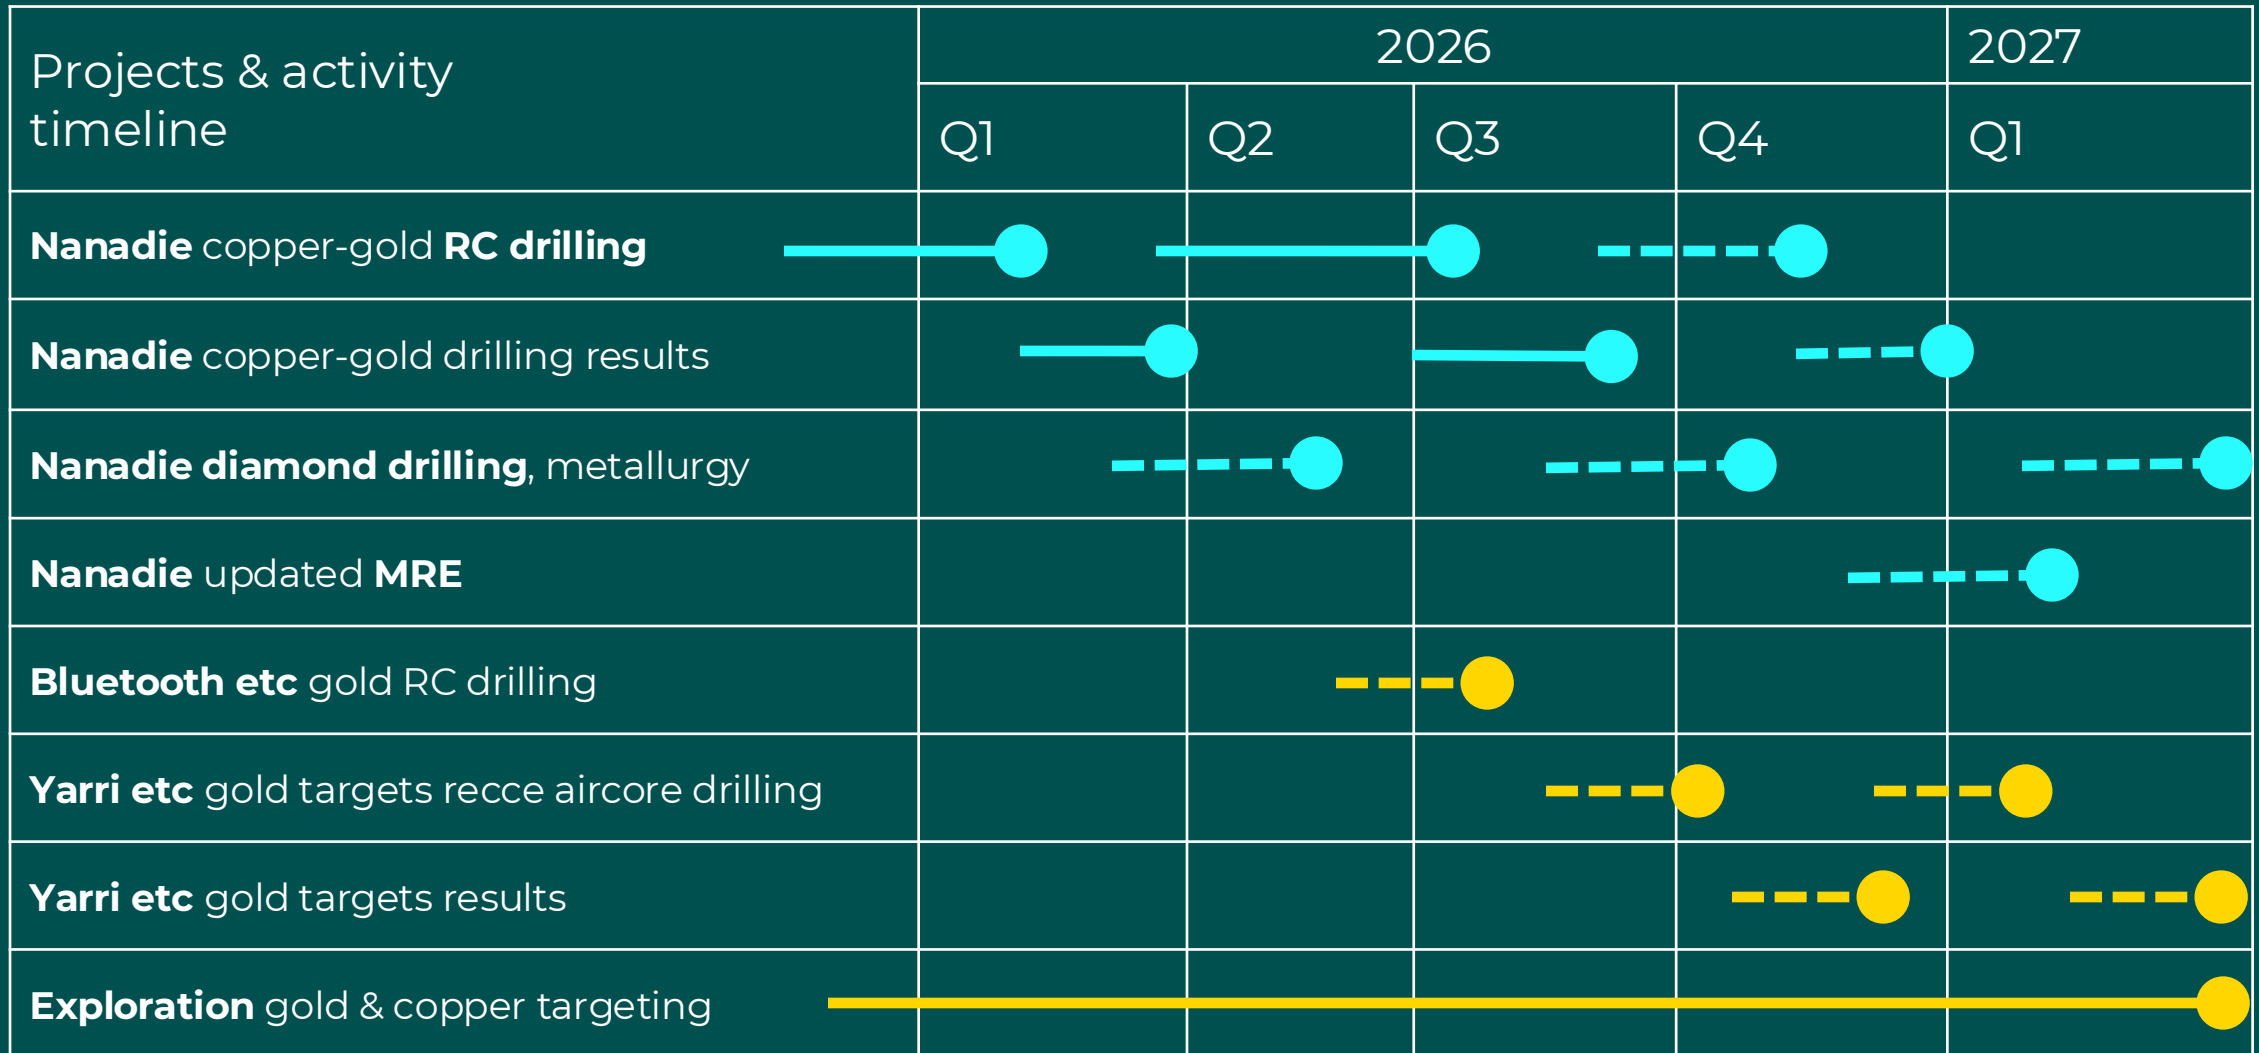

Nanadie shaping up as a rare WA Goldfields copper growth asset
